

Provincial travel restrictions

On April 21, the Province of B.C. announced new restrictions for travel between communities. As a reminder, all sport activities must follow the directives of the [Order of the Minister of Public Safety and Solicitor General](#) and the [PHO Order on Gatherings and Events](#). For details on how this affects sport activities, please read our travel message [here](#).

We know how anxious everyone is to get back to a new normal for sport, but it's important that we follow this guidance to keep ourselves safe and protect our communities.

From the viaSport team, we hope you are staying safe and healthy.
